

Sailboat

Lily Bee

If I had a sailboat
I'd take it out to sea
Send all my thoughts afloat
So they can't bother me
High tide and easy wind
To push me steadfastly
Maybe you could come and keep me company

Chorus

Let's get lost at sea
Time for finding me
Let's get lost at sea
Time for you and me

If I had a sailboat
I'd throw away the oars
Blow a kiss goodbye
To the disappearing shore
Sigh a tired prayer as I tear the map apart
From here on out, I'm following my heart

Chorus
