Realization

Today Is The Day

I can't cope..Realize! [x4]I can't understand,
Why my life is wrong,
I just don't fit in,
I do not belong.I let myself down.Real! [x2]I can't understand,
why my life is wrong,
I just don't fit in,
I do not belong.I let myself down.Everything is against you...
Everyone is against you...Realize! [x4]I can't understand,
Why my life is wrong,
I just don't fit in,
I do not belong.This way out...Realization is the key to the universe.
