Crisis

Creeper Lagoon

Oh, when I wake up throughout I start up
I guess, I miss the heart you tore up
Wait a minute you didn't finish
There's still something you couldn't reachI don't want to be a midlife crisis
I don't want to be a midlife crisisI've gone the farthest I can go
But time will move so slow
Time will move so slow
That I can't take it, that I can't take it
That I can't take it, that I can't take itWhen the last drink hits the ghost
I'll be the one you'll miss the most
Just a ghost who was as you
And disappeared into thin airI've gone the farthest I can go
But time will move so slow
Time will move so slow
That I can't take it, that I can't take it
That I can't take it, that I can't take itI don't want to be a midlife crisis
I don't want to be a midlife crisis
