

# The Plumbing Song

## Weird Al Yankovic

Who fixes plumbing problems in a flash?  
Twenty-four hours a day, seven days a week?  
Baby, I sure wish I could lend you a hand  
But plumbing's one thing I don't understand  
It's true, haven't got a clue  
B b baby, I can tell you've got a big problem  
When I flush the john, then your shower goes on  
Baby, now watcha gonna do?  
If Drano's a joke and your plunger is broke  
Baby, call the mensch with a monkey wrench  
Baby, he'll be there for you  
Shower's backing up, water won't go down?  
Ba ba ba baby, don't forget my plumber  
Ba ba ba baby, sink's been stopped up all summer  
Ba ba ba baby, better call the plumber, he'll know what to do  
Pipes been blowing up, pipes been breaking down  
And the carpet's soaked right through  
Ba, ba, ba, kitchen's flooded too  
Ba, ba, ba, girl, you know it's true  
B b betcha this guy makes more than my lawyer  
If he works for one day, costs you half a year's pay  
Baby, he can be here by two  
So if you've got cash, he'll be there in a flash  
Makin' service calls in his overalls  
Baby, he'll do his best for you  
Sewer's backing up, got you feelin' down?  
Ba ba ba baby, don't forget my plumber  
Ba ba ba baby, leaky pipes are a bummer  
Ba ba ba baby, time to call the plumber, maybe call a few  
Got a problem with plumbing? Gotta blame it on something?  
Blame it on the drain, it was cloggin', cloggin'  
Blame it on the faucet that drips all night  
If hairballs, grease and goo won't let the water through  
Blame it on the drain, yeah, yeah  
When I flush the john, now when I flush the john  
It turns the shower on  
Ba ba ba baby, better call my plumber  
He'll know what to do  
Call now, we're in the yellow pages
