

# I Wanna Watch the X-Files in the Rain

[Arlin Godwin](#)

Hey mommy  
Look at the pretty spaceship

Where are we? Mommy?

I wanna watch the X-Files in the rain  
On a big screen in the back yard  
With the ten foot speakers  
And the stereo sound

I wanna watch the X-Files in the rain  
So don't you change the channel baby  
Don't you turn the volume down

I've been hypnotized  
By your government lies

I wanna watch the X-Files in the rain...
