

# My Love

## Little Texas

Get on your mark, get set  
Ready or not, here I come  
You've been looking for love  
Well, honey, I can give you some When your world is standing still  
I can turn it around  
Put your head up in the clouds  
And pick your feet off the ground My love, are you ready for my love, my love  
My love, my love is ready for you  
If you're looking for a heart that's always true  
Only to you, then my love  
My love, my love is ready for you Girl, I've heard it said  
That love is food for the soul  
I see the hunger in your eyes  
Burning out of control My love is overflowing from a loving cup  
Girl, I know you're down  
But love will lift you up My love, are you ready for my love, my love  
My love, my love is ready for you  
If you're looking for a heart that's always true  
Only to you, then my love  
My love, my love is ready for you My love is overflowing from a loving cup  
Girl, I know you're down  
But love will lift you up My love, are you ready for my love, my love  
My love, my love is ready for you  
If you're looking for a heart that's always true  
Only to you, then my love  
My love, my love is ready for you My love, my love is ready for you  
My love, my love is ready for you
