

Rat

House of Heroes

I saw the flash of gunfire inside the house
I saw my cousin Axel as he ran out
He ducked the ghetto bird into an alley way
I saw his eyes, I know he saw me
These shadow streets cast shadows of doubt I saw it, I saw, I saw it all
But a rat is a rat is a rat
A rat tat tat tat tat
Turn your back on your blood, you deserve what you get
I will be your alibi
A rat is a rat is a rat
A rat tat tat tat tat
A rat is a rat
"Do we have a problem?"
His hand on my back
Eyes shot with blood, he ordered two shots of Jack
"Because the way I see it you're now a part of this
If you don't speak, you're an accomplice
And if you speak, you've got bigger problems than that."
I saw it, I saw, I saw it all
But a rat is a rat is a rat
A rat tat tat tat tat
Turn your back on your blood, you deserve what you get
I will be your alibi
A rat is a rat is a rat
A rat tat tat tat tat
A rat is a rat
