Resuscitate Me

September

[Verse 1]You can pick up the phone and i know no ones home
but i dont think you know how much it means just to hear
the sound of your voice even if its your voice on the answering machine
im holding my breathe until you come back again but the airs getting less
and less i knew love CPR but you so far away
[Chorus]Dont you let my heart down boy this is an emergency and your what i need
all it takes is for you to come and put your lips on me you help me to breathe
Resuscitate me im begging you please your all that i need
i want you to be the air that i breathe Resuscitate me
[Verse 2]i know theirs a time and i place that i will see your face
that still hurts you wait around the problem is this you so easy to miss
dont you know boy i need you here and now

cause you are the place that i fall apart and i know i dont no where to start
and less i knew love CPR but you so far away
[Chorus]Dont you let my heart down boy this is an emergency and your what i need
all it takes is for you to come and put your lips on me you help me to breathe
Resuscitate me im begging you please your all that i need
i want you to be the air that i breathe Resuscitate me
put your hands on my heart your touch goes so deep but boy when your gone and im all alone it gets hard to breathe
Resus su sus tate me (baby) Resus su sus tate me (Come back)
[Chorus]Dont you let my heart down boy this is an emergency and your what i need
all it takes is for you to come and put your lips on me you help me to breathe
Resuscitate me im begging you please your all that i need
i want you to be the air that i breathe Resuscitate me
