Down On Me

DJ Mustard

[Intro:]
Ya'll know who I am right?
Mustard on the beat ho
[Hook:]
Got a bitch that drop it down for a nigga
I got a bitch that drop it down for a nigga
Yea, my bitch drop it down for me
Take it to the room, she go down on it
And she said she got a friend for me
And she ain't afraid to spin on me
Got a bitch that drop it down for a nigga
Got a bitch that drop it down for a nigga
Got a bitch say she down for a nigga
Got a bitch that drop it down for a nigga
Yea, yea
[Verse 1: Ty Dolla $ign]
My bitch got ass and titties, from the hood but she act seditty
In the club took a shot to the kidney, probably won't make it to 50
Told that ho bring more E, smoke joints to the face
My bitch so bad I fuck without a condom
Put it all in and I got her running
Hit it good got her walking funny, hit it good got her walking funny
And she said it ain't about the money, and she said she ain't about the money
[Hook:]
[Verse 2: 2 Chainz]
I wanna see you butt naked in a fur coat
Fuck her in the shower when she drop soap
Only live once is my motto
After we have sex I pay your car note
Wearing Ferragamos and Benihanos
I'm pulling up the way I turtleneck in the summer
With a girl named Summer put her leg to the ceiling fan
So wet I might dive off the diving-board
I watch you pop it like a rubberband
New Rollie, I don't mind spending time alone
I want you so bad that I pray for it
Might stay till the club close cause I wait for it
[Hook:]
[Bridge:]

Keisha, go drop it down for me
Neisha, go drop it down for me
And Tia, go drop it down for me
And Bria, go drop it down for me
And Brittany, go drop it down for me
(?), go drop it for me
And Kristy go drop it down for me
And Ashley go drop it down for me
Because I!
[Hook:]
