Baby Love

Jesse Jo Stark

Baby Love and Betty Lou are going to a hop
Itâ€™s goin be a big ol bang, itâ€™s goin be a flop
Hanging off the dead arm of a broken babyâ€™s eye
While they boogaloo, boogaloo, boogie woogie over you
All over you
Over you
Yah, over you

Itâ€™s back on baby, sure itâ€™s goin down
He pulls up my daisy dress was twirling round
His dirty blue eyes are glued upon my lips
Heâ€™s begging me, begging me, burning for a kiss
For a kiss
For a kiss
For a kiss

But hottie doesnâ€™t know what to do what to do
My bloody brain is getting confused so confused
Cuz all I ever wanted I wanted for you
For you to be the belt be the belt
Buck that stuck up in my love
Be my love
Be my love
Be my love

Now that the midnight hourâ€™s creeping round
This shinding is showing no signs of slowing down
Betty looks at Baby says can I be yours
She said you silly guy I told you so I couldnâ€™t love you anymore
Anymore
Anymore
Anymore
Anymore
Baby Love
My Baby Love
Baby Love
My Baby Love
Baby Love
