Small Day Tomorrow Lyrics

Print the Lyrics Send "Small Day Tomorrow" Ringtones to Cell I dont have to go to bed

I got a small day tomorrow  
A small day tomorrow  
I dont have to use my head  
Ive got a small day tomorrow I can sleep the day away  
And it wont cost too much sorrow  
So tonight this cat will play  
He got a small day tomorrow Now all those big wheels  
With all their big deals  
Theyre going to need their sleep  
But Im a drop out  
Whod rather cop out  
Than run with all the sheep Honey child tonights the night  
Theres a car I can borrow till tomorrow  
We can swing till broad daylight  
We got a small day tomorrow Yeah all those big wheels  
With all their big deals  
Theyre going to need their eight hours sleep  
But Im a drop out  
Whod rather cop out  
Than run with all the sheep Honey child tonights the night  
Theres a car we can borrow till the day after tomorrow  
We can swing till were out of sight  
We got a big night  
And a small day tomorrow
