## Profile

Tell my why did you do this to me  
After we made plans for a family  
And you swear you would bare my child  
All the while you were out running wild  
With yo' friends  
Spendin' all my ends  
And I caught you screamin' Ooo Ahh with him  
I think it's time I let you know you can go  
There's the do' (door) You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but Seven years I have lived this lie  
When inside you made me cry  
Through it all I still remained  
Till' you messed up and called me his name  
Please don't explain  
You go your way  
And I'll maintain  
Don't worry the kids are okay  
Just remember You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog

I want it all  
You're nothing but Look at you now  
Cause your down and out, down and out  
And you needin' me to keep you strong, keep you strong You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but  
A liar, a cheater, a deceiver, heart breaker  
And I wont let you back in my life  
So I'm takin  
The house, the cars, the kids, and the dog  
I want it all  
You're nothing but
