

# Only You

Toto

Waiting for you again  
Seems like this never ends  
I close my eyes and I see your face  
And I see it all fading away Woke up before you again  
You're still asleep I can't pretend  
I feel like I'm losing you  
And I am trying to make everything right Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh If I could have a second chance  
Maybe change the circumstance  
Imagine if the dream came true  
We could start it all over tonight Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh  
(repeats 2x) Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand  
Whoa no oh oh
