

Austin

Josh Damigo

So they you found it,
It's this lesson you've learned.
Baby, Baby, Baby,
That's cause for some concern,
Don't make any brash decisions,
chasing after dreams and wishes,
Cause you're everything I've wanted,
And much more.

When you come back from Austin
I'll be here.
Whatever thought you're lost in
I'll be here.
When you find what you're looking for
I'll be standing at you're door.
For your airplane
I'll be waiting.

You know that you make pretty dumb decisions,
And you hurt everyone that you leave in these positions
I've watched you every minute of the day
Now I'm gonna have to walk away
When you're everything I've wanted and much more.

When you come back from Austin,
I'll be here.
Whatever thought you're lost in,
I'll be here.
When you find what you're looking for
I'll be standing at you're door.
For your airplane
I'll be waiting.

No matter where you go I'll follow
No matter where you go, I'll follow

When you come back from Austin
I'll be here
Whatever thought You're lost in,
I'll be here

When you come back from Austin
I'll be here
For your airplane, I'll be waiting
