

Tell Me The Way

Cappella

Tell me the way
Tell me the wayIf you feel left alone
I'll be looking for you
If you feel left alone
What would you want me to do?If you need time to know
I can find time for you
What would you want me to do?Kickin' the beat
Beat, beat, beat, beat
Beat, beat, beat, beat, beatTell me the way
Tell me the wayIf you can't bare it all
I can stop this for you
If you can't bare it all
What would you want me to do?If you can see my love
I can see love in you
What would you want me to do?Tell me the way
Tell me the way
