Down In The Swamp

Wilde, Smith, Fish

They chew you up and spit you out
Those crocodiles wont touch you now
Gonna burn it up till the morning light
That muddy water never treat you right
I said ooo down in the swamp
I said ooo down in the swamp baby

Won?t hear you scream wont hear you moan
Just remember you?re not alone
A thousand eyes fixed dead on you
Waiting for you now to make your move
I said ooo down in the swamp
I said ooo down in the swamp baby

Can you hear them slither hear them crawl
Cant see nothing I see nothing at all
Youre in black water and full of fear
This beer is what I?ll remember as tears
I said ooo baby on down in the swamp
Ooo I said now babe oh down in the swamp
Ooo yeah oo baby ya no no no no oh down in the swamp
I said ooo on down in the swamp
