

# Endless Song

## AaRON

Is it hard to go on  
Make them believe you are strong  
Don't close your eyes  
All my nights felt like days  
So much light in every way  
Just blink an eye

I used to be someone happy  
You used to see that I'm friendly

All your smiles, all is fake  
Let me come in, I feel sick  
Gimme your arm  
From the shadow to the sun  
Only one Step and you'll burn  
Don't stay too high

I used to be someone happy  
You used to see that I'm friendly

Is it why in your tears  
I can smell the taste of fears  
It's all around  
All my laughs, all my wings  
They are graved inside your ring  
You were all mine

I used to be someone happy  
You used to see that I'm friendly
