

# Beyond Reason (Mikezilla Remix)

[Philip Selway](#)

So where does it end  
heartbeats fast, your senses reeling  
you just want to fight  
calm yourself, you're beyond reason  
go find a place  
to let it all out  
count from one to ten  
start over again you're out of your mind  
fuses blown  
you're not receiving  
deny it again  
damn your pride  
you're beyond reason go find a place  
to let it all out  
count from one to ten;  
start over again several times  
I'm tired and it tries my patience (x4)
