

Mr. Useless

OFF!

The fever is broken
I want my money back
It's not my fault you got nothing
But a counterfeit crisis
And a suicide hack
Demolish your future
To keep him fixed
Ain't no skin off your back
With your counterfiet crisis
And your suicide hackTake a step back
Feel the abyss
It's time to go
Mr. Useless
The fever is broken
I want my money back
It's not my fault you got nothing
But a counterfeit crisis
And a suicide hack
