I Just Love You

Five for Fighting

Lonely, yeah, that's the word I leave my heart when I leave her The days go on forever And the nights do tooOne evenin' out on the road Half a world away from home I thought she was sleepin' When the call came through And I said, Darling, it's late Is everything okay? And silence took over the room 'Til she saidI, I just love you I don't know why? I just do When are you coming home? I'm coming home soon And I, I just love you tooLonely lets me be For a while she sets me free I close my eyes And I dream of herShe's lost in my arms Her head on my heart And softly she whispers The wordsI, I just love you I don't know why? I just do When are you coming home? I'm coming home soon And I, I just love you tooI'll never stop being amazed How my 4 year old girl Knows exactly what to sayI, I just love you I don't know why? I just do When are you coming home? I'm coming home soon
