

# Half Heart Necklace

## Allo Darlin'

This lights of this town spell H-E-L-L  
Nothing ever happens here I can tell  
Your mother said you were born with haunted eyes  
I look at you with the eyes of a child There's nothing to do  
But my love is true  
This half-heart necklace is for you We can go out walking when it gets dark  
You can take me in your father's car  
I hope losers can come out on top  
Because I don't ever want this love to stop  
There's nothing to do  
But my love is true  
This half-heart necklace is for you Now they question my intelligence  
They tell me you're a bad influence but I know that you're...  
Misunderstood you're not a criminal  
But what I've done is unforgivable  
And I know nothing ever stays the same  
So I'm telling you I want to share your name Then we can leave  
Then we can leave  
My half-heart necklace is for you
