

In the During of a Moment

The Lowest Pair

Well in the during of a moment, no one's hurrying, but no center gone

Like the burning of a mountain, all the turning of the sun

Well I have seen the nighttime, take another day, out from beyond

For all a lifetime over before it had begunCHORUS

Wait, there's only here there's only now

Wait, there's only here there's only now

Only now

Oh I heard those angels fall, yeah I saw it too

Far from the parting clouds, skinned their knees

Now walk in camouflage, through the oceans, of ice

Into the parting crowds, lost at seaCHORUS

You were wise enough my darling

Through those seasons, oh how they change

Hibernating through the winter, gone into flowers in the spring

And I am ever after falling, in this moment that is now

To that depth, the old that metaphor, the angels coming downCHORUS x2
