Very First Lie

Material Issue

I'd like to wake up with you early in the morning
Or stay up late, just playin' records on your phonograph
I'd like to get to know your mother and your father
Maybe just once, pretend to be somebody's better half
And I would like to tell the very first lieI'd like to ignore all my friends
And spend my time with you
Maybe shake your tambourineI'd like to do the sorts of things
That you and I could do
We could 'most anything
And I would like to tell the very first lieI'd like to get to know
Your family and friends you know
Maybe pick you up from work
I'd like to do the sorts of things
That you and I could do 'til it hurts
