

Breaking Down (Louies King Street Sound Mix)

Ananda Project

Patiently I wait for you to come to me
Can't you see me breaking down
It's another day without sleep
It's another night without dreams, dreams Full moon and my eyes are wide
I will wait for you till the sky turns blue
When the time is right Make me dance, make me move in time
I can't go to sleep when I hear the beat
I come alive Patiently I wait for you to come to me
Can't you see me breaking down
It's another day without sleep
It's another night without dreams, dreams Kiss me deep, don't leave with life
All night all day, I just can't wait
You make me high Hey, baby, where you been this time
Your insatiable and I just can't hold
All my love inside Patiently I wait for you to come to me
Can't you see me breaking down
It's another day without sleep
It's another night without dreams, dreams Patiently I wait for you to come to me
Patiently I wait for you to come to me
Patiently I wait for you to come to me
Patiently I wait for you to come to me To come to me, to come to me
To come to me, to come to me Patiently I wait for you to come to me
Patiently I wait for you to come to me
