Through Your Eyes

Youngstown

I know a place where we can run away and be free
just the two of us together holding hands whenever we pleaseNever thought that love could be so kind
Until you came along and changed my mindIf words alone could explain the way I feel for you
Then I would write a song, tell the world how much I do
Those time you held me close and made me realize
That I'm living my life through your eyesThey say that we can't be lovers if we're friends
When do the stories stop and the privacy beginsNever thought that love could be so kind
Until you came along and changed my mindIf words alone could explain the way I feel for you
Then I would write a song, tell the world how much I do
Those time you held me close and made me realize
That I'm living my life through your eyes
