

Through Your Eyes

Youngstown

I know a place where we can run away and be free
just the two of us together holding hands whenever we please
Never thought that love could be so kind
Until you came along and changed my mind
If words alone could explain the way I feel for you
Then I would write a song, tell the world how much I do
Those time you held me close and made me realize
That I'm living my life through your eyes
They say that we can't be lovers if we're friends
When do the stories stop and the privacy begins
Never thought that love could be so kind
Until you came along and changed my mind
If words alone could explain the way I feel for you
Then I would write a song, tell the world how much I do
Those time you held me close and made me realize
That I'm living my life through your eyes
