I Put The "metro" In Metronome

Cute Is What We Aim For

I'm gonna make sure that I put this place on the map
If there's one promise I make, it's that
If there's one promise I make, it's that
And some have told me that this could be the best for me
Some have said, yeah, I've heard it
But I'm not buying in, yeah, I've heard it
Style doesn't matter when you're on your back
Just remember that fact, just remember that
Style doesn't matter when you're on your back
Your clothes won't fit the season
Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me
Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me
My door was locked as we talked and talked
Keeping tempos with or without our clothes
And I'm telling you as fast as I can, I'm a trend, a trend
'Cause I don't break hearts, I just dent them
No, I don't break hearts, I just dent them
Style doesn't matter when you're on your back
Just remember that fact, just remember that
Style doesn't matter when you're on your back
Your clothes won't fit the season, you're cold and that's the reason
Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me
Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me
Keeping tempos with or without clothes
Fast, halftime and slow
So raise that glass, you're high class
Keep that tempo slow
Style doesn't matter when you're on your back
Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me

Uptown girls are as good as gold downtown
And suburban gents like me have been told, good as gold
Suburban urgency has got the best of me
