Too Good

Venya Pak

I don't know how to talk to you. I don't know how to ask you if you're ok. My friends always feel the need to tell me things. It seems like their just happier than us these days. Yeah, these days I don't know how to talk to you. I don't know how to be there when you need me. It feels like the only time you see me is when you turn your head to the side and look at me differently. Yeah, last night I think I lost my patience. Last night I got high as the expectation. Last night I came to the realization and I hope you can take it I hope you can.... Yeah grips on your waist front way back way. You know that I don't play streets not safe but I never run away even when I'm away. OT OT there's never much love when we go OT I pray I make it back in one piece I pray, I pray... I'm too good to you. I'm way too good to you. You take my love for granted I just don't understand it. I'm too good to you. I'm way too good to you. You take my love for granted I just don't understand it... Don't get it twisted I was just another player on your hit list. Tryna fix my any issues with a bad bitch. Didn't they tell you that she was a savage. Fuck your white horse and your carriage. But I never could imagine and a feeling about what happen.
