Wild Sex (In The Working Class)

Oingo Boingo

I know what you're thinkin' about
I know what you're thinkin' about
I know what you're thinkin' about work
I know what you're thinkin' about school
I know what you're thinkin' about all the timeAnd I may be greasin' the wheels in a noisy factory
And I may be hunched over metal machinesI work so hard tryin' to make a few bucks
I pass the hours in a dream
The sweat keeps rollin' off the tip of my nose
There's only one thing, keeps me on my feetI may be greasin' the wheels in a noisy factory
And I may be hunched over metal machines
Watching the gears as they move
Just reminds me of bodies in motion the sweat and the soundIs it just wild sex in the working class?
After five it's a gas
Wild sex in the working class?
Countin' minutes gonna get home fast
Gonna get home fastThinkin' of your warm skin while I touch cold steel
The days go by to the poundin' beat
My back is achin' so bad, 'cause I'm grinnin' inside
Thinkin' of you, thinkin' of you keeps me on my feetAnd I may be greasin' the wheels in a noisy factory
And I may be hunched over metal machines
Watching the gears as they move
Just reminds me of bodies in motion the sweat and the soundIs it just wild sex in the working class?
After five it's a gas
Is it just wild sex in the working class?
Counting minutes gonna get home fastI work so hard I'm thinkin' of you
I work so hard, thinkin' of you
I work so hardWild sex in the working class
After five it's a gas
Wild sex in the working class
Countin' minutes gonna get home fastWild sex in the working class
Wild sex, wild sex
