Alphabet Song

Tulsi Kumar

Man walking forward forever
Breaking the bough
Finally feels the crush of gravityImperious design
Resignation in the formative appetites
For all seasons upturned
Blindness in the tunnel of revelation
The light casts a long shadow
From which comes a human howlEloquent ass's invective
Hushed from the trees
A warning call
Let it bare its teethImperious design
Resignation in the formative appetites
For all seasons upturned
Blindness in the tunnel of revelation
The light casts a long shadow
From which comes a humanImperious design
Resignation in the formative appetites
For all seasons upturned
Blindness in the tunnel of revelation
The light casts a long shadow
From which comes a human howl
