

# Alphabet Song

**Tulsi Kumar**

Man walking forward forever  
Breaking the bough  
Finally feels the crush of gravityImperious design  
Resignation in the formative appetites  
For all seasons upturned  
Blindness in the tunnel of revelation  
The light casts a long shadow  
From which comes a human howlEloquent ass's invective  
Hushed from the trees  
A warning call  
Let it bare its teethImperious design  
Resignation in the formative appetites  
For all seasons upturned  
Blindness in the tunnel of revelation  
The light casts a long shadow  
From which comes a humanImperious design  
Resignation in the formative appetites  
For all seasons upturned  
Blindness in the tunnel of revelation  
The light casts a long shadow  
From which comes a human howl
