Baptiss Blacktick

Pavement

I'm just waiting waiting for the baptist
That sad suck-off left me in damascus
I'm just waiting waiting for the baptist
That sad suck-off, that shit left me now
I'm just wasting, wasting all the black ticks queens way's rockers,
Enough to make your ears twitch
I'm wasting, wasting all the black chicks (tits?)
Some reddish sins, some grey - is it now ? ? ?
I'm just waiting, waiting for a black jet
That fucker...ahhhhhhh...
That fucker left me now
That suck left me now
That sun left me now.
