Beneath the Surface

Incognito

Here I sit and watch the crowds go by
Papa da papa papa yeah
But there's only one face I can see
If only they would understand
Papa da papa papa yeah
I'd open the door and let him inHow long can I hide what I'm feeling inside?
My love is a river that's got to make its way into sea
This feeling can't hide, Lord knows I've tried
Beneath the surface
Beneath the surfaceI try though I know I'm hanging on a string
Papa da papa papa yeah
You're the only one thing on my mind
Keeps floating to a distant shore
Papa da papa papa yeah
As I go on denying myselfHow long can I hide what I'm feeling inside?
My love is a river that's got to make its way into sea
This feeling can't hide, Lord knows I've tried
Beneath the surface
Beneath the surfaceOh, keeps turning round in my mind
Oh, round and round in my mindHere I sit and watch the crowds go by
Papa da papa papa yeah
But there's only one face I can seeHow long can I hide what I'm feeling inside?
My love is a river that's got to make its way into sea
This feeling can't hide, Lord knows I've triedHow long can I hide what I'm feeling inside?
My love is a river that's got to make its way into sea
This feeling can't hide, Lord knows I've tried
Beneath the surface
Beneath the surfaceBeneath the surface
Beneath the surface
Beneath the surface
