[Verse 1: Dashawn Daniels] Tell'em I'm dope

More dope than a crack house filled with coke

My dick game strong, you can ask my hoes

Got so much guap that my wallet don't close

Bank rolls after bank rolls

I'm ballin, I'm ballin, call me Derrick Rose

Got ice on my wrist and my neck is on froze

I'm with my tribe niggas on six getting hoes

Took your girl once I gave her that look

Hit one time my nigga, got the bitch hooked

I just want a bad bitch on top of my dick

With pussy lips gripping it

Got lean on my cup and I'm sipping it

Drugs in the kitchen just cooking and whipping it

Look at the flick of the wrist

Nigga dressed to kill, yeah I'm looking lavish

That's bae..

Cookin that yay...

In the kitchen, put the money in the bank
Had to spend 8k on a new ak
Put the heat in your face
Now what you gone say?
You just playing the role of a side chick
I'm just letting you know that them hoes gone be hoes
Give them hoes to my woes, you know how that shit goes

[Hook: Chinasty]

Whoop. Whoop. Whoop. Whoop.

[Verse 2: Trelle]

Cook in the kitchen
Her wrist just be whippin'
She taste like the cinnamon
Look at her wrist
Her m&m drippin like water I'm swimming in
Riding this flow
Tribe Mafia in case you did not know
Tapping her ass like a wrestling loss
She riding my dick like she on a race horse
Her pussy's a course
I love it of course
Me and my niggas, unstoppable force
Don't fuck with me nigga, your face on the floor
The money we make is a million
Committing a sin cause we killin it
My bitch is as bad as Aunt Vivian
Her pussy as wet as Caribbean
I dive in that hoe like an amphibian
I'm running this track like an Olympian
Your mind is just gone to an oblivion
She eat my banana, she's simian
I walk in that house and I'm feeling it
I ride in that whip, my money is all that will matter
I question that shit and then message your bitch cause her ass is only getting fatter.â€™” Trelle

[Hook: Chinasty]

Verse 3 Kenny G

Okay, she cookin' in the kitchen with my t-shirt on
She whippin washin' dishes in that see through thong
She flip it in a minute Ooooh it won't take long
I'm stickin with my quickness cause my dick game strong
Okay she whip, whip, whip it like got damn chemist
I'm saucin' with my pimpin' in her mouth like i'm a dentist
She work it Damn she perfect i can't find one blemish
She told me take it easy like a god damn scrimmage
Legs up while i'm in it, where my girls that's independent
Give a second or a minute in the kitchen so tremendous
