

Toy Town

Christy Carlson Romano

To see the toys at Christmas time
Gonna bring you down to toy town
Better take a warm coat for the ride
Gonna bring you down to toy town
Oh, you're really in for quite a surprise
Yes, we're gonna go down to toy town
Where all the toys are waiting for you
Yes, it's been about a year since you saw them
So there's plenty catching up to do
Well, the ride may get kinda bumpy
'Cause we'll be flying Santa's old sleigh
Gotta make a few stops before we get there
So you better start packing today
You know the old rocking chair will be rocking in style
While the candy canes hang up the stockings
See the pink crocodile slide down the aisle
Watch it do some crocodile rocking
Gonna bring you down to toy town
Better take a warm coat for the ride
Gonna bring you down to toy town
Oh, you're really in for quite a surprise
Oh, the pop corn stings are warming up
The conga in the pop corn line
The model airplane and the choo choo train

Around the track again at Christmas time
The three wheeler bike and the stroller
Are racing by the snow cone display
The kiddie cars and the go-kart's
Are only giving free rides today
To see the toys at Christmas time
Well, the ride may get kinda bumpy
'Cause we're flying Santa's old sleigh
You know the teddy bears they'll be wearing a smile
'Cause Mickey and Mini are planning to meet
Don't you know under the mistle toe
That's where you'll find them both standing
Tell the jingle bells to S.O.S.
Because the toys are jumping off the shelves

You're gonna miss Santa and his elves
Come on get ready for Christmas
And every year we'll go to toy town
All the toys are waiting for you
Let's go down to toy town
We're gonna go down to toy town
Where all your wishes come true
To see the toys at Christmas time
