

Euphoria

Blaudzun

You, Euphoria
Where did you go
Don't ever give up on me
You, Euphoria
You rise and fall
Don't ever give up on me
You, Euphoria
Where did you go
Don't ever give up on me
She's the breeze
She's the dirt the pale moon
She's the waves
She's the ebb and pull
She's the star
She's a dark chemical
Hey, she's the purple painted hills
She's a liquid that could kill
She's the chorus, the hands in the air
You, Euphoria
Where did you go
Don't ever give up on me
You, Euphoria
You rise and fall
Dont ever give up on me
You, Euphoria
Where did you go
Don't ever give up on me
She's the rage
She's the moss on the floor
She's a cage with wide open doors
She's the bowl to the flame on my lips
