

Did You Ever Love Me

Deborah Cox

Heartfelt conversations we had every single night lying in bed together
So why would there ever be a breakdown in communication?
And I'm just wondering was that the warm and fuzzy feeling Those good old days seem like so long ago
I thought you cared about me then but now I don't know
Was there ever really love at all in your heart?
Was there ever really love at all? Did you ever love me? I wanna go back, way back to the beginning
When we could rely on each other
Oh, I felt like a goddess floating on a cloud
Why'd you have to bring me down with all this pain and disappointment?
Confused and bitter and brokenhearted
With all the mysteries and my love memories Those good old days seem like so long ago
I thought you cared about me then, but now I don't know
Was there ever really love at all in your heart?
Was there ever really love at all? Did you ever love me? I painted this perfect picture of you and me in my head
I sacrificed my mind, body and soul, you showed me you didn't care
Now did you ever stop to think about how you made my life a living hell?
It's so hard believing that you would treat me like this
Now I'm questioning over and over Did you ever love me? Did you ever love me?
Tell me baby, baby, baby, baby
Was there ever really love at all?
Was there ever really love at all? Those good old days seem like so long ago
I thought you cared about me then, but now I don't know
Was there ever really love at all in your heart?
Was there ever really love at all? Did you ever love me? I need an answer 'cause once this problem's solved
I can finally resolve and get over you
Did you ever love me? I need an answer 'cause once this problem's solved
I can move on, oh yes
Did you ever love me?
