

# Disloyal Order of Water Buffaloes

## Fall Out Boy

I'm coming apart at the seams  
Pitching myself for leads in other people's dreams  
Now buzz, buzz, buzz  
Doc, there's a hole where something was  
Doc, there's a hole where something was Fell outta bed, butterfly bandage, but don't worry  
You'll never remember, your head is far too blurry  
Put him in the back of a squad car, restrain that man  
He needs his head put through a cat scan  
Hey editor, I'm undeniable; hey doctor, I'm certifiable I'm a loose bolt, of a complete machine  
What a match, I'm half doomed and you're semi  
sweet So boycott love, detox just to detox  
And I'd promise you anything for another shot at life  
And perfect boys with their perfect ploys  
Nobody wants to hear you sing about tragedy  
(Wants to hear you sing about tragedy) Little girl, you got me staring odd  
Or was that just a telescopic camera nod?  
P-p-p-painted dolls in highway truck stop stalls  
Lot lizard scales cool your nightlife moods  
All the rookies leave your badge and your gun on the desk  
When you leave the room I'm a loose bolt of a complete machine  
What a match, I'm half doomed and you're semi-sweet Boycott love, detox just to detox  
And I'd promise you anything for another shot at life  
And perfect boys with their perfect ploys  
Nobody wants to hear you sing about tragedy  
(Wants to hear you sing about tragedy) Detox just to detox, detox just to detox  
Detox just to detox, detox just to detox Detox just to detox, detox just to detox  
(So boycott love)  
Detox just to detox, detox just to detox  
(Boycott love) So boycott love, detox just to detox  
And I'd promise you anything for another shot at life  
And perfect boys with their perfect ploys  
Nobody wants to hear you sing about tragedy  
(Wants to hear you sing)  
Nobody wants to hear you sing about tragedy  
(Wants to hear you sing about tragedy)
