

# Handslide

## Pushmonkey

On way  
to ruler  
One may when I break that water  
Insight  
on mover  
One might if it looked no odder  
Come and take me by a hand slight  
On a holler way I am not one to bother  
Can I make you buy my hand slide  
Any other way I wouldn't want to offer  
I want to see you in a hungry light  
I want to be another man tonight  
I want to have you in a selfish lie  
I want to pull your inside  
On way  
On to her  
Can't bite if I am not through her  
Do wait  
Infuser  
Red wide and a pink intruder  
Come and have me by a hand slight  
In a holler way I will not hide the blunder  
I can take you with my hand slide  
Any other way I wouldn't want to wonder  
I want to see you in a hungry light  
I want to be another man tonight  
I want to have you in a selfish lie  
I want to pull your inside  
I want to have another hungry lie  
I want to pull your inside  
My way  
My ruler  
I may when I break that water  
Inside  
onto her  
I may when I break that water  
Come and take me by a hand slight  
In a holler way I will not hide the hunger  
I can make you with my hand slide

Any other way I wouldn't want to wonder  
one way  
To rule her  
I may when I break that water  
Inside  
Onto her  
I may when I break that water
