Champion Sound

Blackout JA

Anybody lost looking to get found
Know it when they hear the champion sound
Works like a magnet on the people all around
Know it when they hear the champion sound
Anybody loving music up in your town
Know it when they hear the champion sound
Love it when they hear the champion sound
Need it when they hear the champion: "Watch Out!"
We've made tragedy, ripped up sporadically and (4X)
Gimme ride at the party with the bump full of Pearl (3X)
You can't remain hit and we detect your identity
Anybody lost looking to get found
Know it when they hear the champion sound
Works like a magnet on the people all around
Know it when they hear the champion sound
Anybody loving music up in your town
Know it when they hear the champion sound
Love it when they hear the champion sound
Need it when they hear the champion: "Look Out!"
They they they ??? goes around the world and (4X)
And her true women they cried gradually (3X)
Do your soul grow by holding no rock
Anybody lost looking to get found

Know it when they hear the champion sound
Works like a magnet on the people all around
Know it when they hear the champion sound
Anybody loving music up in your town
Know it when they hear the champion sound
Love it when they hear the champion sound
Need it when they hear the champion
Bugger back to collect the due wanted by (2X)
And then whoever try to disrespect a mighty good time
Or a mighty good rhyme with a fight for the mind
Present at time or let me line flex
Listen and rewind it rebel pirates band at highest
Try this skit trampled by the stampeding feet of the fans
in the crowd screaming: "Yo, that's Lateef! MaROON!"
That boy Slim on the tune

Rally round it if you're strong
Throw your arms to the moon, c'mon
Anybody lost looking to get found
Know it when they hear the champion sound
Works like a magnet on the people all around
Know it when they hear the champion sound
Anybody loving music up in your town
Know it when they hear the champion sound
Love it when they hear the champion sound
Need it when they hear the champion: "Watch Out!"
