Never Happy

The Velvet Teen

can't help but think of you / when i can't sit still / caught up in cancerous thoughts / all the same / in everything, endeavor you do / you never know what to say / you can't help it, oh / you're never happy, no / you're never happy / you say you never know what to do / you can't help what you say / follows your forte, oh / you're never happy, no / you're never happy
understated want / recolled and trembling / inside you're sixteen wheels / and growing, growing / in everything, endeavor you do / you never know what to say / you can't help it, oh / you're never happy, no / you're never happy / you say you never know what to do / you can't help what you say / follows your forte, oh / you're never happy, no / you're never happy, no / you're never happy, no / you're never happy
