I'm Nothing

Project Theory

(I lose you, you're happy
You are something, and I'm nothing
I miss you, I suffer
You said that you'll never let me down)(VERSE 1)
Dreaming awake, those days if you remember
Memory lane, insane but was our DecemberAnd I remember all the times we had together
And I'm praying to God that I could hold you one last time, forever
And "always" you said but now you are gone
Every night I scream your name but I continue being alone(CHORUS)
And I've become what you want me to be
Could walk this world with you but darling
I lose you, you're happy
You are something, and I'm nothing
I miss you, I suffer
You said that you'll never let me down(VERSE 2)
Maybe I'm wrong, but so long and I'm still a dreamer
Now you have gone, I'm alone, but I'm still a believerAnd I remember all the times we had together
And I'm praying to God that I could hold you one last time, forever
And always you said but now you are gone
Every night I scream your name but I continue being alone(CHORUS)
And I've become what you want me to be
Could walk this world with you but darling
I lose you, you're happy
You are something, and I'm nothing
I miss you, I suffer
You said that you'll never let me down(BRIDGE)
You broke my heart (And now you're gone although you said that you'll be with me)
Memories haunt my past (They come and go like a ghost inside my soul)
It's perfect time to say goodbye (My heart was broken when you left me all alone)
Sing our song tonight (The only thing remaining is for you to sing our song)(CHORUS)
And I've become what you want me to be
Could walk this world with you but darling
I lose you, you're happy
You are something, and I'm nothing
I miss you, I suffer
You said that you never let me downYou said that you'll never let me...
