Bring Back The Sun

Our Lady Peace

Little white house
It's everything we dream about
We wanted you to know
I'm hanging up my ego
We shouldn't have to fight
Or worry about the bills tonight
I wanted you to know
I wanna be your shadow
Mystery's gone
So bring back the sun
Oh, bury this hate
Build it with love
Mystery's gone
So bring back the sun
Oh, bury this hate
Build it with love, ho, oh
Little batter high
Grass wasn't greener I found
Wanted you to know
Well, I dug you up a rainbow
Mystery's gone
So bring back the sun
Oh, bury this hate
Build it with love
Mystery's gone
So bring back the sun
Oh, bury this hate
Build it with love
And I know, I know I failed you
And I hope, I hope we get through
Show me your hand again
And I know, I know I failed you
And I hope, I hope we get through
Soul signed hand
Mystery's gone
So bring back the sun
Oh, bury this hate
Build it with love
Mystery's gone

So bring back the sun
Oh, bury this hate
And build it with love
The mystery is gone
The mystery is gone
The mystery's gone
The mystery is gone
The mystery's gone
Bring back the sun
Bury this hate
Build it with love
Little white house
