

# Gotta Get Out Tonight

## The Runaways

In the dead of the night I slip away  
Lookin' for some heavy action  
No matter what it is, I get that little itch  
My body needs satisfaction Gotta get out tonight  
The wild one is callin' me  
Gotta get out tonight  
Out on the town is where I'll be alright My folks think I'm bad and you know  
They're probably right  
But I don't listen to a thing they say  
'Cause they're always uptight My fantasy is strong, it really turns me on  
I'm gettin' oh, so wet  
When will I discover my red hot lover  
The one I'll never forget
