Leader Of The Broken Hearts

[Papa Roach](...)

All the lies, I told you now the truth
Here I am with nothing left to lose
And now that I?m crawling in my skin
Maybe it?s time I just give in
I?ve become the leader of the broken hearts
And now I?m finding out what it feels like
To risk everything and still survive
When you?re standing on the battlefield
And all the pain is real
That?s when you realize
That you must have done something right
?Cause you never felt so alive
I?m holding out for more than I deserve
I?m hanging on to all your careless words
Maybe it?s time I cut the chord
Maybe I stay and take some more
I?ve become the leader of the broken hearts
And now I finally know what it feels like
To risk everything and still survive
When you?re standing on the battlefield
And all the pain is real
That?s when you realize

And now I know what it feels like
To risk everything and still survive
When you?re standing on the battlefield
And all the pain is real
That?s when you realize
That you must have done something right
?Cause you never felt so alive
I?m the leader of the broken hearts
I?m the leader of the broken hearts
I?m the leader of the broken hearts
I?m the leader of the broken hearts
I?m the leader of the broken hearts
And now I finally know what it feels like
To risk everything and still survive
When you?re standing on the battlefield
And all the pain is real

That?s when you realize
And now you finally know what it feels like
To risk everything and still survive
When you?re standing on the battlefield
And all the pain is real
That?s when you realize
That you must have done something right
?Cause you never felt so alive
