

# Twilight Zone

## Constantine Maroulis

First to the bass in to the jam  
Then let the music take command  
Back to back to another dimension  
Stop the force and pay some attention  
Music to party, music to dance  
The new follow-up of public demand  
Slick as five da la megaphone  
Take you down to the twilight zone  
Enter the clock and turn the body upside down  
Grab the microphone, it's upon the sound  
You want more, more you get  
We're 2 Unlimited in effect  
Check up the sound and stop this distortion  
When we get the fittest, here's another portion  
Just lay back as we take control  
Take you down into the twilight zone  
This is the twilight zone  
And you're not on your own  
We'll take you to the twilight zone  
It is the twilight zone  
You better shake your bones

And come on down the twilight zone  
Come on baby, I'm gonna take you to the twilight zone  
Have a good time, take a break  
Hang with another first of the chapter  
Straight to the heavyweight for worst or better  
Fishes in the way, found in the vicinity  
Slaming DJ's with the rhyme capability  
Listen to the jam as we go wild  
Check your MC's versatile  
Me and the lady, howl megatone  
Fuck you up in the twilight zone  
This is the twilight zone  
And you're not on your own  
We'll take you to the twilight zone  
It is the twilight zone  
You better shake your bones  
And come on down the twilight zone

Hey, yeah, yeah, I'm gonna take you to the twilight zone
