

# This Could Be the One

[Flaco Jimenez](#)

This could be the one, the day I hold you  
for so long I wished that I'd have told you  
You were everything I've hoped for  
With the chance I'll show you, how it's done  
This could be the one  
This could be the one, the day I kiss you  
I don't really know you, still I miss you  
Somewhere else we've been together  
and with you underneath the setting sun  
This could be the one  
solo  
This could be the one, the night you love me  
and suddenly I hold your face so lovely  
In my arms you'll fall apart  
as I will tell the truth that I'm undone  
This could be the one  
somewhere else we've been together  
and with you underneath the setting sun  
this could be the one  
this could be the one  
this could be the one
