

Zefside Zol (interlude)

Die Antwoord

Whatever, man

Fokker! Ha ha!

This is how we drop a zefside zol I get the cold bottle beer, crack it open

Down the whole bottle beer, where's the dope, kid?

Take the empty bottle beer, smash it broken

Stuff the neck full of dope, then I smoke it

Blow the smoke out my nose like a dragon

And I puff that magic in the dragon

Yeah I smoke-a the weed, and I get-a the high

Now I'm lekker red in the eye
