

# I Don't Wanna Walk Around With You

## Ramones

I don't wanna walk around with you  
I don't wanna walk around with you  
I won't wanna walk around by you  
So why you wanna walk around me?  
I don't wanna walk around with you  
I don't wanna walk around with you  
I won't go out with you  
I don't wanna walk around with you  
I won't walk around by you  
So why you wanna walk around me?  
I don't wanna walk around with you  
I don't wanna walk around with you  
I don't wanna walk around with you

I don't wanna walk around with you  
I won't walk around by you  
So why you wanna walk around me?  
I don't wanna walk around with you  
I don't wanna walk around with you  
Alright

I won't go out with you  
I don't wanna walk around with you  
I won't walk around by you  
So why you wanna walk around me?  
I don't wanna walk around with you  
I don't wanna walk around with you
