

Swim

Cape Cub

Love, love is a funny thing It takes you where you least
expect it
Throws you out to sea
Only you, you can either choose to swim
Or surround yourself with water
And let it take you inCHORUS:
If that's something that you wanna know, oh
If that's something show me where to go, oh
And I will give myself to you
I will give myself to youHate, hate is a difficult thing
It takes you where you wanna go
It starts to suck you in
And you, you can either fall into it
Or surround yourself with the good things
And never let it winCHORUS:
If that's something that you wanna know, oh
If that's something show me where to go, oh
And I will give myself to you
I will give myself to you
